## *Principal Message...*

*"The mind is not a vessel to be filled, but a fire to be kindled".....* From the first tread into Grade XII at DMI St.Joseph Global Senior Secondary School Extension till the intermediate studies is indeed a preparation for a child to combat the challenges that the gigantic real world would pose. We try to mould the character and mental attitude of our children, instill basic principles of life in them and nurture their individual capabilities to the fullest.

We aim at making our students capable enough to be self-directed and self-managed individuals who can confront the challenges of life without wavering. Our children are not only taught to fly high in the open sky of tremendous opportunities but also to stay attached to their roots. Our school has now earned a brand name for itself, which is known far and wide for its quality education and grooming of young minds.

Our school imparts value and skill based education bringing out the best in every child. We focus primarily on preparing our students to be worthy citizens, refined in heart and mind and skilled enough to achieve paramount goals. Our earnest effort is to provide a conducive learning environment to each and every student so that when they go out of the portals, they brim with confidence and emerge as the leaders of tomorrow.

*Warm Regards,*
